Question of the Day: Why are face coverings now being required throughout unincorporated areas of Yuma County and surrounding areas? (Source: Centers for Disease Control and Prevention)

- COVID-19 spreads between people who are in close contact with one another (within about 6 feet) through respiratory droplets produced when an infected person coughs, sneezes, or talks. These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
- We now know from recent studies that a significant portion of individuals with coronavirus lack symptoms (“asymptomatic”) and that even those who eventually develop symptoms transmit the virus to others before showing symptoms. This means that the virus can spread between people interacting in close proximity—for example, speaking, coughing, or sneezing—even if those people are not exhibiting symptoms.
- There are new studies that suggest wearing a cloth face covering can provide some protection to both the individual wearing it as well as others around them. The face covering helps to prevent the spread of respiratory droplets from the infected person to

those around them. Research shows that face coverings work best when combined with other preventative measure like social distancing and good hygiene.

- With this information, multiple local authorities throughout Yuma County are now mandating the use of simple cloth face coverings to slow the spread of the virus in Yuma County.

Yuma County health officials confirm “community spread” of COVID-19 throughout Yuma County. We encourage all residents to take the necessary precautions including physical distancing and staying home if you are sick. Remember to:

- Wash your hands often with soap and water for 20 seconds.
- Avoid touching your face, especially your eyes, nose, and mouth.
- Avoid people who are sick, and avoid groups of 10 people or more.
- Clean and disinfect frequently-touched surfaces like light switches, door knobs, electronic devices, etc.
- Stay home if you are sick so you do not expose others.
- Practice physical distancing, staying 6 feet away from others.
- Cover your mouth and nose with a cloth face cover when around others.

JOINT INFORMATION CENTER (JIC) UPDATE

NOTE, some of the below information has been updated from previous releases. Please be sure to read all segments.

Questions from the public can be emailed to: COVID@yumacountyaz.gov

These questions will be collected, categorized and answered through the DAILY UPDATE and a future DAILY LIVE program on YUMA 77 & Yuma County Government FACEBOOK LIVE

CITY OF YUMA

City of Yuma facilities will be closed to the general public through at least June 22. The City Council meeting on Wednesday, June 17 will be conducted remotely through technological means along with limited public, in-person access, consistent with social distancing requirements.

Crane Elementary School District Meal Program

Taking a two-week recess from curbside meal service and food box distribution starting on June 8th – June 19th. The meal programs at Salida del Sol/Rancho Viejo and

Mesquite Elementary Schools have been closed since June 5th. Since the school closures, Crane School District has provided over 440,000 meals to the community, and provided \$150,000 in milk and produce through the Farmers to Families Program.

YUMA INTERNATIONAL AIRPORT

Everyone's health and safety is important to the Yuma International Airport team. Therefore we have placed hot buttons in the upper left corner on [Yuma International Airport website](#), with COVID information specific to air travel and COVID updates from Yuma County.

Brewers Restaurant & Sports Bar at the airport is open from 11:00 am to 9:00 pm for dine-in seating (seating in accordance with CDC guidance), pick up, curbside pick-up and deliveries from their airport location East to 9E

Beginning May 11th, American Airlines will require passengers to wear face masks while on the aircraft.

The following June flight schedule is tentative and subject to change. The airline will contact ticketed passengers if there is a change to your travel itinerary.

Marine Corps Air Station Yuma

Effective April 6, 2020 and until further notice the Trusted Traveler Program is cancelled. This is an additional safety measure that #MCASYuma is taking in order to help stop the spread of #COVID19.

What this means is that essential personnel that do not have common access card (CAC) and Department of Defense (DOD) identification cards are not authorized to come aboard the base without going to the Pass and Registration office and obtaining a base access pass. Essential personnel may obtain base access by providing the appropriate paperwork to the Pass and Registration Office during working hours.

ALL VISITORS will be required to provide justification for needing access to the installation and will not be granted access to the base simply because they know someone that has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

As of April 6, 2020, sponsoring a visitor aboard MCAS Yuma that does not have a CAC or DOD identification card is strictly prohibited unless approved at the Pass and Registration Office.

YUMA PROVING GROUND

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

- *YPG residents, including Travel Camp residents
- * YPG employees
- * Civilian contractors who work at YPG
- * Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)
